INTRODUCTION:

Employee Welcome Message

While there is no single rule that can guarantee success in any business or agency, there are certain fundamental things that largely determine an individual's success. Most important is how well you do your job. We are confident that your job performance will reflect credit to both Twin Falls County and to you as an individual.

The purpose of this manual is to provide information as to Twin Falls County policy. It is not to be construed or considered to be, in any way, a contract, or a guarantee of continued employment.

If you have questions regarding County Policy and Procedure, you may ask your supervisor, department head, elected official, Prosecuting Attorney's Office Civil Division, or Human Resources Department. The Board of County Commissioners reserves the right to amend or change this manual at any time. Although the County will disseminate information on policy changes through such media as memos, email, paycheck enclosures, etc., the employee is responsible to read and understand the changes. Current policies are available in the Human Resources Department and on the County's website at www.twinfallscounty.org under the Human Resources section. You will be asked to sign an acknowledgment form indicating that a copy of the manual has been made available to you and you have had the opportunity to ask questions. We welcome you as a member of our team and look forward to a good working relationship.

This personnel policy is not a contract. No contract of employment with Twin Falls County will be valid unless it is expressly approved by and signed in accordance with proper procedures by the County Commissioners and unless it is signed by and contains the name of the employee who would be benefited by the contract.

Twin Falls County's Mission Statement:

We will strive to serve our communities by providing leadership to promote the highest quality of service to each individual, while protecting the interest of the community at large. We will meet the current needs of the County with an eye toward the future in a manner that respects the input of our citizens.

Organization Description

Introduction to Public Employment:

The elected officials manage the County to provide services and conduct County affairs for the good of the County's citizens. As a government entity, the County must adhere to certain state statutes and codes that do not apply to the private sector, and which make working for the County somewhat different than working for other employers.

Twin Falls County is a political subdivision and government entity of the State of Idaho. The Board of County Commissioners serves as the governing body for Twin Falls County, carrying out local legislative duties and fulfilling other obligations as provided by law. The Board of County Commissioners is the general policymaker for Twin Falls County, and as such, has primary authority to establish terms and conditions of employment with Twin Falls County. The Board of County Commissioners also appoints personnel to help carry out its administrative responsibilities.

As with all elected public officials, the Board of County Commissioners is ultimately responsible to the voters of Twin Falls County. The terms set forth herein reflect County policy at the time of its printing, but they are subject to change at any time, without prior notice, and at the sole discretion of the Board of County Commissioners.

The terms and conditions set forth in this policy, and in the resolutions and policy statements which support it, cannot be superseded by any other official's pledge, without the express written authorization of the Board of County Commissioners. That is particularly true for terms or conditions which would establish a financial obligation for Twin Falls County, now or in the future. You may work for a department with an operational policy that provides additional direction to employees on expectations and procedures unique to that department.

It is the intent of the elected officials and management staff to work collaboratively with all employees of Twin Falls County to create a mutually supportive and productive work environment. Our shared work experiences should seek to achieve an atmosphere of courtesy, professionalism and respect that values each other and the tasks necessary to meet our respective duties and obligations, in our pursuit of public service.

would jeopardize public trust, and is of good moral character. Consideration will be given to all violations of the law, including but not limited to: felony conviction, misdemeanor conviction, driving record and traffic violations, military record, fish and game violations, and any withheld judgments, discharged or dismissed charges and/or any pending charges.

- 150-02 The purpose of this requirement is to protect against acts or conduct which may endanger the safety and welfare of the public and protect County assets. This procedure applies to all full-time, part-time, seasonal, and temporary employees, as well as unpaid interns and volunteers.
- 150-03 The elected official in charge of the office, in consultation with the Human Resources Director and legal counsel if necessary, shall determine which crimes or offenses affect initial or continued employment. - 150-04 Any applicant who fails to disclose or misrepresents his or her background information may be considered unsuitable for employment. Any current employee who fails to disclose or misrepresents his or her background may be subject to disciplinary action up to and including termination.

- 160-03 Current employees may be required to have a medical examination on other occasions when the examination is job-related and consistent with business necessity. For example, a medical examination may be required when an employee is exposed to toxic or unhealthful conditions, requests an accommodation for a particular disability, or has a questionable ability to perform essential job functions due to a medical condition or work injury.
- 160-04 Medical examinations required by the County will be paid for by the County and will be performed by a physician or licensed medical facility designated or approved by the County. Medical examination records will be treated as confidential and shall be kept in separate medical files. However, records of specific examinations, if required by law or regulation, will be made available to the employee, persons designated and authorized by the employee, public agencies, relevant insurance companies, or the employee's doctor.

170 – Immigration Law Compliance

- 170-01 Twin Falls County is committed to only employing people who are legally authorized to work in the United States. Additionally, some positions require that the employee is a United States citizen. Twin Falls County does not illegally discriminate because of a person's citizenship or national origin.
- 170-02 Because we comply with the Immigration Reform and Control Act of 1986, every new employee at the County is required to complete the Employment Eligibility Verification Form I-9 and show documents that prove identity and employment eligibility. - A. A **full-time employee** is an individual who works forty (40) hours or more per week on a regular basis.
 - B. A **part-time employee** is an individual who works less than forty hours (40) per week on a regular basis. - 200-03 Additionally all full-time, part-time, seasonal, and temporary employees are classified as either Exempt or Non-Exempt in accordance with the Fair Labor Standards Act (“FLSA”) for the purposes of compensation administration. Classification of employees as Exempt or Non-Exempt is determined by the Human Resources Director and reviewed by the County’s legal counsel.
- A. A **non-exempt employee** is subject to the minimum wage and overtime provisions of the Fair Labor Standards Act (“FLSA”) and is entitled to compensatory time or overtime payment at the discretion of the elected official.
 - B. An **exempt employee** is exempt from the provisions of the FLSA and is not entitled to compensatory time or overtime payments.

above definitions is “at will.” This means the individual or the County are able to terminate the relationship at any time, for any legally permissible reason.

201 – Grant Funded Employees

- 201-01 Twin Falls County receives grant money to operate various programs within the County, and some of this money is used to fund salaries for various positions. The County cannot always control the amount of money that it receives for certain grants, therefore there may be times when positions do not receive compensation equivalent to Twin Falls County policy.
- 201-02 The continuation of positions funded by grants is contingent upon the availability of future grant funds or the financial ability of the County to assimilate said position(s) into the budget. If grant funds become unavailable at any time and the County is not financially able to absorb the position into the budget, the position will be eliminated and the County has no obligation to maintain the individual employee’s services in said position.
- 201-03 Employees in grant funded positions are subject to all provisions of the Twin Falls County Personnel Manual.

- 210-02 There are three types of Introductory/Evaluation periods.

220 – Personnel Files & Records

- 220-01 Human Resources and/or the elected official in charge of the office maintain a confidential personnel file for each employee. The personnel files includes such documentation as applications and related hiring forms, training records, performance documentation, salary history, and other employment related records.
- 220-02 The employee, their supervisor or department head, and the employee's elected official may contribute materials to the personnel file deemed relevant to the employee's work record.
- 220-03 Current employees have the right to review their own personnel files at any reasonable time. Requests should be made in advance to Human Resources or their elected official. Employees may review their file only when a representative of the County is also present. Copies of materials in the file are available to the employee at no charge.
- 220-04 Twin Falls County will allow only limited access to an employee's personnel file. Those authorized to evaluate materials in a personnel file include the employee's supervisors, the Board of County Commissioners when acting as a Board in the course of its official business, Prosecuting Attorney's Office Civil Division, the elected official(s) for the employee's department, and the employee him/herself. Based upon the general confidentiality of personnel files, access of others to such files shall be allowed only with authorization of the supervising official after consultation with the County attorney. Information regarding personnel matters will only be provided to outside parties with a release from the employee, or when deemed necessary by legal counsel for the County or pursuant to Court order, or pursuant to a proper subpoena. The County reserves the right to disclose the contents of personnel files to outside state or Federal agencies, to its insurance carrier or its agents for risk management purposes, or when necessary to defend itself against allegations of unlawful conduct.
- 220-05 Each employee shall be provided an opportunity to contest the contents of his/her personnel file at any time. This is to be done by filing a written objection and explanation which will be included in the file along with the objectionable material. False or unfairly misleading material *may* be removed from the file, at the discretion of the elected official after consultation with legal counsel for the County. However, in general, materials are to remain in personnel files accompanied by the employee's written objection and explanation to provide a complete employment history.
- 220-06 Department heads are required to ensure that Human Resources and/or the elected official in charge of the office receive all pertinent employment related documentation on employees for their personnel file. Additionally, if a copy of the employee's information is kept in the supervisor's work area, all information in

that file is also on file in Human Resources or with the elected official and that the information in those files are kept confidential and in a secure area.

- 221-02 Employees are required to follow any departmental requirements regarding changes, and contact the Payroll Clerk and Human Resources to update any pertinent information.

230 – Job Descriptions

- 230-01 Twin Falls County maintains current and accurate job descriptions for all positions at the County. Job Descriptions are kept on file with Human Resources. A job description includes a general overview of the job's purpose, essential duties and responsibilities, qualifications (including education and/or experience, and any licenses or certifications required), physical demands, and work environment.
- 230-02 Job descriptions are used to help new employees understand their jobs and responsibilities, to identify the requirements of a job, set up the hiring criteria, set standards for employee performance evaluations, establish wage ranges, and establish a basis for making reasonable accommodations for individuals with disabilities. However, a job description does not necessarily cover every task or duty that might be assigned. Employees may be assigned to perform other or additional responsibilities as necessary, and are expected to perform any reasonable task or duty assigned to them.

- 230-03 Job descriptions will change, from time to time, as the needs of the office or the County changes, and the County reserves the right to make those changes as necessary. Employees may also be asked to sign an acknowledgement that they have received a copy of their job description.

240 – Performance Evaluations

- 240-01 Twin Falls County encourages employees and their supervisors to discuss job performance and goals on an informal, day-to-day basis. In addition, formal evaluations shall be conducted with each employee. The performance evaluation provides an opportunity to discuss work habits and goals, to identify and correct weaknesses, and to encourage and recognize strengths.
- 240-02 It is the policy of Twin Falls County to conduct performance evaluations and a job description review annually. More frequent evaluations may be conducted at the discretion of the department head and/or elected official.
- 240-03 There are three types of performance evaluations conducted. Copies of the evaluation and any updated job descriptions must be submitted to Human Resources upon completion:

 - B. Promotional - Supervisors may conduct a performance evaluation of each newly promoted employee after completion of six (6) months of promotion, and then again at least annually.
 - C. Regular employees - Supervisors shall conduct a performance evaluation for each employee at least annually.

250 – Compensation & Salary Administration

- 250-01 Twin Falls County compensates employees in accordance with decisions by the Board of County Commissioners as budgets are set and tax levies are authorized. Pay for any given position is subject to the annual budgetary process and as such may be subject to increase, reduction, or *status quo* maintenance for any time period. The supervising elected official or department head may make suggestions about salary compensation and other pay system concerns, but the final decision regarding compensation levels rests with the Board of County Commissioners. The Board of County Commissioners reserves the right to make budget adjustments, and consequently pay adjustments, during the course of the budget year in order to manage cash flow or to deal with other circumstances which justify or require change in County expenditures.
- 250-02 Twin Falls County shall comply with all State and Federal Pay Acts respecting the compensation of employees for services performed in public service.

- 250-03 Twin Falls County reserves the right to change general compensation for any reason deemed appropriate by the Board of County Commissioners. Compensation may also be adjusted based upon job performance and the availability of funds to maintain a solvent County budget. Hours worked may be reduced or employees may be laid off by the Board of County Commissioners or by elected officials within their departments as necessary to meet budgetary constraints or work load changes.
- 250-04 Compensation for each job is based on several factors. The factors include job analysis and evaluation, the essential duties and responsibilities of the job, and salary survey data. The compensation program is reviewed annually to ensure consistent pay practices, comply with federal and state laws, support our commitment to Equal Employment Opportunity, and offer competitive salaries.
- 250-05 Twin Falls County believes that merit increases shall be "earned" and not "given." Employees shall be evaluated on an annual basis and compensated according to performance, based on funds available.
- 250-06 All salary increases require the approval of the Board of County Commissioners. Elected officials shall be paid a set salary as established by the Board in the annual budget. Elected officials shall have no right to overtime pay, or to accumulate compensatory time off, sick leave, or vacation leave.
- 250-07 Annual salary increases, when budgeted, shall take effect the first day of the payroll period closest to October 1st of every year for those employees who are eligible for the increase.
- 250-08 **New Hires:** A new hire is an employee who has not previously worked for Twin Falls County. New hires will normally start at the minimum of the range for the position and will be required to complete the minimum introductory/evaluation period required by the office or department in which they are employed.
- A. At the discretion of the elected official, if an individual filling a position has considerable background, knowledge, education, experience, or certification that merits starting at a higher rate, a new hire can start above the minimum of the range.
 - B. A newly hired employee must successfully complete the introductory/evaluation period to be eligible for an increase.
- 250-09 **Rehire:** A rehire is an employee who has previously worked for Twin Falls County. Rehires will be considered as a "new hire" under the guidelines of the compensation, sick leave, vacation, retirement, medical, etc. policies of Twin Falls County. Exceptions to those policies must be recommended by the elected official and approved in writing by the Board of County Commissioners.

- 250-10 **Promotion** - A promotion is a reassignment of an employee to a position with more responsibility and/or more authority than the employee's current position. A promotion may or may not include an increase in pay.
- 250-11 **Transfer** - A transfer is a lateral move to a different job in the same department or to a different department. A transfer will not necessarily result in a salary increase at the time of transfer. However, the employee shall be eligible for the annual salary increase the next fiscal year, based on performance.
- A. If an employee transfers or promotes from one County office to another County office, the employee's wage will be at the discretion of the hiring elected official or department head with the approval of the County Commissioners. Employees should realize that transferring to a different office or job could result in a decrease in pay.
 - B. The employee's sick, vacation, and personal leave time will transfer with the employee. The transfer or payout of an employee's accrued comp time will be determined on a case-by-case basis by the elected officials involved in the transfer of the employee and requires the approval of the Board of County Commissioners. A transfer will not affect the employee's years of service for accrual of County benefits.
 - C. A transfer or promotion will result in a six (6) month evaluation period to assess the employee's performance. Wage increases at the successful completion of the evaluation period are at the discretion of the department head, with approval of the elected official and the Board of County Commissioners. Should the selected employee be unable to satisfactorily perform the duties of the new position, he/she will be notified by his/her elected official or department head or their designee(s). Efforts may be made to place the employee in another position within the County, however, if no match is found, termination may occur.
- 250-12 Mid-year salary increases are at the discretion of the department head with the approval of the elected official and the Board of County Commissioners, and may only occur when:
- A. Newly hired - new employees may receive a salary increase upon successful completion of their introductory/evaluation period.
 - B. Promotion - newly promoted employees may receive a salary increase upon successful completion of their evaluation period.
 - C. Restructure or re-evaluation of position - if a position is re-evaluated and warrants extra compensation, an employee may receive an increase in pay, with the approval of the elected official in charge of the office.
 - D. At the discretion of the department head, with approval of the elected official, certain certifications or licenses may also warrant additional compensation.

- 303-05 Leave Accrual:
All regular full-time (except for employees classified as law enforcement) and part-time employees shall accrue .0385 leave hours for any straight time hours worked or paid time off.

Employees under the law enforcement classification (85.5 hours per pay period) shall accrue leave hours for straight time hours worked or paid time off based on their regularly scheduled shift.

<u>Scheduled Shift:</u>	<u>Leave Accrual:</u>
8.0 hours	.0385
8.5 hours	.0385
9.0 hours	.0405
10.0 hours	.0450
10.5 hours	.0472
12.0 hours	.0540

- 303-06 Accrual Maximums:
Except for employees classified as law enforcement, employees will be allowed to accumulate sick leave hours to a maximum of 560 hours. (70 work days for an employee working an 8 hour shift).

Employees under the law enforcement classification (85.5 hours per pay period) will be allowed to accumulate sick leave hours to the following maximum limits:

<u>Scheduled Shift:</u>	<u>Accrual Maximum:</u>
8.0 hours	560 hours = 70 work days
8.5 hours	595 hours = 70 work days
9.0 hours	630 hours = 70 work days
10.0 hours	700 hours = 70 work days
10.5 hours	735 hours = 70 work days
12.0 hours	840 hours = 70 work days

Any hours accrued over the maximum limits above shall automatically be transferred to the employee's Post Employment Health Plan (PEHP) in accordance with the provisions of that policy.

If an employee moves to a shift with a lower accrual maximum (i.e., from a 12-hour to 8.5-hour shift), any accrued hours the employee has over the maximum accrual limit for the new shift shall automatically transfer to the employee's Post Employment Health Plan (PEHP) account in accordance with the provisions of that policy.

An employee transferring to a shift with a higher accrual maximum (i.e. from an 8.5 hour shift to a 12 hour shift) must meet the accrual maximum for the new shift before any further contributions to the PEHP plan will be made.

Use of Sick Leave

- 303-07 Sick leave may be used for personal or immediate family illness or injury. Illness, under this policy, is any condition, injury, or disease, communicable or otherwise, which would impair the execution of an employee's job responsibility or endanger his/her health or the health of other employees or the public.
- 303-08 For the purpose of this policy, "immediate family member" is defined as the employee's spouse, parent, child, brother or sister, grandparents, or grandchild (including any step- or in-law relationships). If the need for leave qualifies under the Family Medical Leave Act (FMLA), the County shall recognize any family members as defined under the Act.
- 303-09 Typically, any work accident or injury will be processed in accordance with Twin Falls County Policy and the applicable Workers' Compensation Laws of the State of Idaho. If there are absences due to on-the-job injury for which Worker's Compensation does not pay, the employee may access sick leave to supplement any Worker's Compensation payment. Additionally, sick leave must be used in accordance with the FMLA and short-term disability policies.
- 303-10 Employees may use sick leave for medical, optical or dental appointments with prior approval of the responsible elected official or department head.
- 303-11 The smallest increment of time that sick leave can be used is in one-quarter (¼) hour increments.

- 303-12 Designated Holidays falling within a period of sick leave shall not be counted against sick leave.
- 303-13 Part-time employees can only access paid sick leave for time they are regularly scheduled to work.
- 303-14 Sick leave may not be used for the purpose of advancing the date of resignation, retirement or other predetermined separation or termination of employment from County service. For example, an employee who submits a notice of resignation will not be allowed to use sick leave to cover the last days of employment instead of working. The date of separation from the County will be the last day actually worked and sick leave will be paid out to the employee rather than shown as taken as time off. For the purpose of this section, termination of employment is further defined to include any layoff, but shall not include any unpaid leave of absence.

Payout at Separation:

- 303-15 Compensation for unused sick leave upon separation from County employment shall be on the next regularly scheduled payday and shall be paid out as follows:
1. Employees with 3-60 months (1-5 years) of employment with the County shall be paid \$8.00 for each day of sick leave;
 2. Employees with 61- 120 months (5-10 years) of employment with the County shall be paid \$15.00 for each day of sick leave;
 3. Employees with 121-180 months (10-15 years) of employment with the County shall be paid \$24.00 for each day of sick leave; and,
 4. Employees with 181 plus months (15+ years) of employment with the County shall be paid \$35.00 per day of leave.
- 303-16 A “day” for the purposes of this policy shall be the number of hours that an employee normally works in a shift. If an employee works a varying number of hours, the hours shall be averaged to determine the number of hours accrued for days paid out at separation.

304 – Post Employment Health Plan (PEHP)

- 304-01 Twin Falls County offers employees the opportunity to participate in a Post Employment Health Plan (PEHP) administered through Nationwide Retirement Solutions. The PEHP plan allows employees to invest contributions to the plan to pay for qualified medical expenses upon separation from the County.
- 304-02 All sick leave hours accrued by the employee that are over the maximum allowable limits as defined in the Sick Leave Policy section of this manual shall automatically be transferred every pay period into the employee’s PEHP account at the following rates:

1. Hours accrued multiplied by 25% of the employee's current hourly rate of pay for employees with 61- 120 months (5-10 years) of employment with the County.
2. Hours accrued multiplied by 35% of the employee's current hourly rate of pay for employees with 121-180 months (10-15 years) of employment with the County.
3. Hours accrued multiplied by 45% of the employee's current hourly rate of pay for employees with 181 plus months (15+ years) of employment with the County.

304-03 Funds, investments and amounts distributed shall be in compliance with the PEHP plan documents.

305 – Family Medical Leave (FMLA)

305-01 This policy provides employees with a general description of the Family Medical Leave Act (FMLA) and their rights and responsibilities under the law. The County shall refer to the federal law regarding any specific details that are not contained in this policy.

305-02 FMLA is administered by the Human Resources Department. To request leave, employees must contact Human Resources in addition to notifying their supervisor of the need for time off. Additionally, Twin Falls County reserves the right to:

- A.) Determine whether the employee is or is not an “eligible employee” under the Act.
- B.) Place an employee on FMLA leave without the employee's consent should the County determine that the employee meets the eligibility requirements under the Act.
- C.) Require periodic notices (determined by Twin Falls County) of the employee's, or their family member's, FMLA status and the employee's intent to return to work.

305-03 The Family and Medical Leave Act provides for up to twelve (12) weeks of unpaid, job-protected leave during any 12-month period to eligible employees for certain family and medical reasons. Employees are eligible if they have worked for the County for at least one year, and 1,250 hours over the 12 months immediately preceding the leave. The 12-month period for determining eligibility for leave is determined using a “rolling” 12-month period measured backward to the date an employee first uses any FMLA leave.

305-04 FMLA specifically states that a serious health condition may result from injury to an employee on or off the job, therefore, an employee who is off work on Worker's Compensation leave will automatically have that time designated as FMLA leave and will count towards the 12-week FMLA entitlement.

- 305-05 Employees are entitled to leave:
- A.) To care for a child following a birth or placement of a child with the employee for adoption or foster care;
 - B.) To care for the employee's spouse, child, or parent, who has a "serious health condition," and
 - C.) If the employee is unable to perform his or her own job because of the employee's own serious health condition.
- 305-06 Total FMLA leave for an employee and spouse who both work for Twin Falls County is limited to 12 weeks combined if the leave is for reasons other than the employee's own personal serious illness.
- 305-07 Employees are required to give 30 days' advance notice when the leave is foreseeable or as much notice as practical. The County reserves the right to request medical certification supporting the leave, and may require second or third opinions (at the County's expense) and a doctor's fitness for duty report prior to returning to work. Leave may be denied if these requirements are not met. The decision to allow an employee to return to work will be solely Twin Falls County's in compliance with the provisions of FMLA. If a doctor does not find the employee fit to return to duty, the employee will not be allowed to return to work.
- 305-08 FMLA leave may be taken intermittently or on a reduced leave schedule to allow the employee to care for a sick family member, or for an employee's own serious health condition with prior written approval from the employee's supervisor or when "medically necessary." In the circumstance of birth or placement of a child for adoption or foster care, intermittent leave is only available by written approval of the elected official.
- 305-09 If the need for intermittent or reduced leave relates to planned medical treatment, employees are required to make reasonable efforts to schedule intermittent leave so as not to unduly disrupt County business.
- 305-10 County employees are required to use any accrued paid sick leave, compensatory (comp) time, personal leave and vacation hours – in that order – concurrently with FMLA. The employee may be allowed to utilize personal days or banked vacation leave before accessing comp time only if using comp time would result in the loss of accrued time due to an anniversary date. If paid leave accruals are less than the amount of time needed for leave, the remainder of the time off shall be unpaid leave. Employees will continue to accrue vacation and sick leave while utilizing their paid leave. However, they will cease to accrue vacation and sick leave during the unpaid portion of their leave.
- 305-11 The County will continue the employee's benefits (employer portion only) during the leave period. The employee will be responsible to pay the portions of their dependent coverage or other benefits by the 5th of each month. If the employee

does not to return to work for reasons other than their own continued serious health condition or that of an eligible family member, the County may recover from the employee the premium that was paid for the employee's medical coverage. An employee must return to work for at least thirty (30) calendar days to be considered "returned to work."

305-12 Twin Falls County will return the employee to the same or an equivalent position after returning from FMLA leave, subject to the terms of the Family and Medical Leave Act. The only exception may be for individuals who, under the provisions of the FMLA are considered to be a "key employee" as defined by 29 CFR §825.217, whose extended absence would cause "substantial and grievous economic injury."

305-13 To protect employee's privacy rights, medical certifications will be treated as a confidential medical record and information will be disclosed only on a strictly need to know basis.

305-14 **The National Defense Authorization Act**

On January 28, 2008, and again on October 28, 2009, the FMLA was amended by the National Defense Authorization Act. This amendment provides an entitlement of up to 26 weeks of unpaid leave during a single 12-month period to an eligible employee who must care for a covered service member who is a spouse, son, daughter, parent or next of kin of the employee and has a serious injury or illness incurred in the line of duty which renders that person unfit to perform his or her duties in the Armed Forces.

A "covered service member" includes a veteran who is undergoing medical treatment, recuperation or therapy for a serious injury or illness and who was a member of the Armed Forces, including the National Guard and Reserves, at any time during the five-year period preceding the date on which the veteran undergoes medical treatment, recuperation or therapy.

Twin Falls County may require the request for this type of leave be supported by certification that the service member being cared for by the employee has a serious health condition.

The National Defense Authorization Act also provides 12 weeks of FMLA leave to an employee if his or her spouse, son, daughter or parent has been called to active duty with the Armed Forces. Covered "active duty" relates to when a member of the regular or reserve components of the Armed Forces is deployed to any foreign country. No serious medical condition is required for this type of leave. Twin Falls County may require the request for this type of leave be supported by certification that the service member has actually been called to active duty. Twin Falls County employees shall provide prior notice when the need for this type of leave is foreseeable.

306 – Bereavement Leave

- 306-01 Twin Falls County offers paid bereavement leave benefits to all regular full-time and part-time employees. Temporary and seasonal employees are not eligible for paid bereavement leave.
- 306-02 Eligible employees will be granted a bereavement leave of absence for the death of an immediate family member and will be compensated for up to a maximum of three (3) working days. If the employee requires or requests more time than the three (3) days, sick leave, vacation leave, personal days, or comp time. If no paid leave time is available, time off without pay may be utilized.
- 306-03 For the purpose of this policy, “immediate family member” is defined as the employee’s spouse, parent, child, brother or sister, grandparents, or grandchild (including any step- or in-law relationships).
- 306-04 Time paid for bereavement leave will be paid based on the employee’s regular scheduled shift, and will not be counted as hours worked for the purpose of computing overtime.
- 306-05 In the event of a death of someone other than an immediate family member, the employee may request the use of sick leave, vacation leave, personal days, or comp time with the approval of the department head or elected official.
- 306-06 Twin Falls County reserves the right to require proof of the death.

307 – Jury Duty / Witness Duty

- 307-01 Leave will be granted and full pay provided to employees called to serve as a court witness in matters specifically related to County operations or when called to serve on jury duty. Employees will be paid normal duty hours and must indicate time spent in jury duty on their timesheets.
- 307-02 Employees must immediately notify their supervisor when they receive a jury duty summons. Employees chosen to sit on a jury must inform their supervisor as to how long the trial is expected to last, and notify their supervisor when they will be back to work.
- 307-03 On any day when jury service ends before the end of the employee’s usual work day, the employee must check in with their supervisor to find out whether they are expected to return to work for that day.
- 307-04 If an employee serves on a jury, they will be entitled to jury fees and travel expenses normally paid by the court for that day.

- 307-05 If an employee is summoned for court in the scope of their duties with Twin Falls County, the employee must report the time on their timesheet and will be compensated accordingly.

308 – Military Leave/ USERRA

- 308-01 The Uniformed Services Employment and Reemployment Rights Act (USERRA) applies to persons who perform duty, voluntarily or involuntarily, in the uniformed services to include active duty, training, funeral honors, etc. USERRA prohibits discrimination against a person on the basis of past military service, current military obligations, or intent to serve.
- 308-02 The County’s employment policy will comply with the provisions of Idaho Code § 46-224, et seq., or its successor, as those Code provisions govern leaves of absence for military service and the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.
- 308-03 Unpaid leave of absence will be granted to participate in ordered and authorized field training. If the gross amount earned by the employee during military leave is less than his/her County gross salary for that period, the County will pay the difference. If the employee's pay during the leave is greater than his/her County gross salary for that period, it will be considered leave without pay. Upon returning to the County, he/she shall be restored to his/her position without loss of seniority, status, or pay.
- 308-04 The law specifies reporting requirements, time limits and benefits continuation. Employees and/or supervisors who have questions regarding military leave rights and requirements should contact Human Resources or visit the “Employer Support of the Guard and Reserve” (ESGR) website at www.esgr.mil.

309 – Leave of Absence without Pay

- 309-01 An elected official, or a department head, with written approval from the elected official, may grant an employee a leave of absence without pay for a period of time not to exceed sixty (60) calendar days. A status sheet shall be submitted reflecting the leave time.
- 309-02 Unpaid leaves of absence in excess of sixty (60) calendar days shall be determined on a case-by-case basis and shall require the written approval of the elected official in charge of the office and the Board of County Commissioners.
- 309-03 If an employee is granted leave without pay, the employee shall be responsible for paying the cost associated with any benefits that the employee may be eligible to continue participating in during the course of the leave without pay (unless this leave of absence is for provisions covered under the Family Medical Leave Act or Worker’s Compensation, then those policies will apply). Whether the employee

may be eligible to continue participation in such benefits shall also depend upon the guidelines or contractual provisions of the benefit provider or insurance carrier.

- 309-04 Sick leave, vacation leave, personal leave, and other benefits which relate to the time the employee has been employed with the County shall not accrue while the employee is on an unpaid leave of absence.

315 – Holidays

- 315-01 There are ten (10) official holidays for the County:

New Years Day
Martin Luther King, Jr./Human Rights Day
President's Day
Memorial Day
Independence Day
Labor Day
Columbus Day
Veteran's Day
Thanksgiving Day
Christmas Day; and

Any other day so designated as a holiday by the Twin Falls County Commissioners.

- 315-02 In most situations, the County offices will be closed for the holidays listed above. For offices that work Monday through Friday, if one of the holidays listed falls on a Saturday the office will close and the holiday will be observed on Friday. If the holiday falls on a Sunday, the office will close and the holiday will be observed on Monday. Employees who have work schedules other than the standard Monday through Friday will observe the holiday on the legal holiday.
- 315-03 Full time employees will be compensated for the holiday at straight time pay for the number of hours they normally work. Part-time employees do not receive holiday pay, unless they work on the holiday.
- 315-04 If a full time employee works on a holiday, they will receive compensatory time equivalent to time and one half (1½) for the hours that were actually worked in addition to straight time compensation for the holiday, equal to the number of hours normally worked in a shift. The time must be reported as "holiday worked" on the time sheet. The employee must then schedule the use of the comp time with the employee's immediate supervisor, or refer to departmental guidelines for the use of comp time.

- 315-05 If a part time employee works on one of the days listed above, they will receive double time and ½ pay for the hours that were actually worked.
- 315-06 Full-time employees who work schedules other than the standard Monday through Friday will receive straight time comp time for the number of hours normally worked in a shift for any holiday that falls on their regularly scheduled day off. That time off will be scheduled with the department head and/or elected official, to best serve the needs of the department.
- 315-07 Full-time employees who are on an approved paid or unpaid leave of absence will be paid holiday pay during their approved leave only if they are not compensated under another benefit program. If they are receiving Worker’s Compensation or Short Term Disability, they will receive a portion of the holiday pay to equal compensation of a full day.
- 315-08 Employees who desire to observe a holiday not recognized by Twin Falls County in this policy may be permitted to access paid leave accounts, with prior authorization in accordance to those policies, or may be granted time off without pay, provided it does not create an undue hardship to the County.

320 – On-the-Job Injuries/ Worker’s Compensation

- 320-01 Worker’s Compensation coverage is provided for employees who suffer from a work related injury or illness. Benefits under Worker’s Compensation are set by the State of Idaho, and governed by the Idaho Industrial Commission. The County’s claims are administered through the Idaho State Insurance Fund. Coverage is effective the first day of employment for all employees.
- 320-02 Employees are encouraged to ask questions, and communicate openly and regularly with their treating physician, supervisor, Twin Falls County Human Resources, and the State Insurance Fund claims examiner assigned to their claim.
- 320-03 Known exposure to hazardous materials, communicable diseases, bloodborne pathogens, and/or bodily fluids must be reported immediately.
- 320-04 All on-the-job injuries, regardless of severity, shall be reported to the employee’s supervisor as soon as practicable. If the employee requires medical attention, the employee and/or their supervisors are responsible for notifying Human Resources of the injury. Human Resources will file the claim, work directly with the State Insurance Fund and health care providers, and will keep in contact with the injured employee and their supervisor as to the status of injury, care received, projected time for return to work, etc.
- 320-05 If the accident requires medical attention the employee shall be required to receive initial care from:

- Occupational Health at St. Luke's MVRMC – between 8:00 a.m. and 6:00 p.m. Monday through Friday.
- Physicians Center at St. Luke's MVRMC – between 6:00 p.m. and 8:00 p.m. Monday through Friday, and Saturdays 9:00 a.m. to 4:00 p.m.
- St. Luke's MVRMC Emergency Department outside the above listed hours.
- If an employee is injured and requires medical attention while performing duties for Twin Falls County out of the immediate area, the employee should seek medical care at the nearest health care facility.

- 320-06 A drug test is required for all employees who seek medical attention for a work related injury.
- 320-07 If an employee is temporarily disabled by an on-the-job accident, he/she may be eligible for worker's compensation benefits. Return to employment will be authorized on a case-by-case basis upon consultation with the supervising official, the treating physician, Human Resources and the State Insurance Fund. Concerns associated with injured worker status may be brought to Human Resources or the appropriate elected official for review.
- 320-08 Worker's Compensation insurance covers costs associated with medical treatment for the employee, and if applicable, a portion of the employee's wages for time lost from work according to the laws of the State of Idaho.
- 320-09 Employees who are not on leave, but require time away from work to attend initial or follow-up doctor's appointments related to a work injury shall be paid for the time spent at the doctor and will not be required to use sick leave, etc. However, employees will be required to make note of the dates and times of appointments on their timesheets, and are asked to schedule appointments at times that will be least disruptive to the office if possible.
- 320-10 Employees out on Worker's Compensation leave must indicate (or have their supervisor indicate) on their timesheet that they are on leave so as to avoid overpayment from the County.
- 320-11 An employee who is absent from work for a period of five (5) days or less as a result of a work related injury/disability shall have the absence charged to his/her accrued sick leave, compensatory (comp) time, personal days, or vacation hours – in that order. The employee may be allowed to utilize banked vacation leave before accessing comp time only if using comp time would result in the loss of accrued time due to an anniversary date. Employees who have exhausted all of their leave balances, or employees who have not been employed long enough to be eligible for leave benefits will be on leave without pay for the five (5) day period.
- 320-12 Under Worker's Compensation, payment of wages does not start until five (5) calendar days after a disability begins unless in-patient hospitalization occurs

immediately after injury. Those earnings cover a portion of the employee's full base pay. The worker's compensation check is sent directly to the employee's mailing address on a weekly basis.

320-13 Employees absent from work more than five (5) days, have the option to accept only the Worker's Compensation payment, or to supplement Worker's Compensation with their paid leave balance(s). Employees who wish to supplement Worker's Compensation payment with sick leave, comp time or vacation hours must indicate (or have their supervisor indicate) on their timesheet that they are on Worker's Compensation leave AND that they wish to utilize leave balances to cover the difference for what Worker's Compensation does not cover. Personal days cannot be accessed as they must be used in full day increments. The employee shall receive payment to bring their salary equal their net pay from the County. Employees must bring or submit a copy of the Worker's Compensation check to Payroll before payment from the County will occur to avoid overpayment, so employees may experience a delay in payment of wages from the County.

A.) An injured employee who is absent from work for a work related injury that was caused by conduct not conducive to ensuring their own safety or the safety of fellow employees (i.e. carelessness or horseplay) will receive Workers Compensation benefits only and will not have the option of using leave balances to supplement the Worker's Compensation income. The elected official of the applicable department shall make the determination if the injury falls within this category, and will indicate such on the employee's timesheet.

320-14 Because Worker's Compensation and the County do not pay on the same schedule, the County reserves the right to make any necessary adjustments to the employee's leave balances and/or request reimbursement from the employee in the case of overpayment.

320-15 All employer paid benefits – medical, retirement, life insurance, etc. shall continue while the employee is on leave. Employees are responsible for making any premium payments to the County for dependent coverage and/or supplemental benefits.

320-16 Pursuant to Idaho Code, Title 72, Chapter 11, any employee who meets the definition of peace or detention officer as defined in I.C. §72-1103 who is injured and temporarily incapacitated and unable to perform employment duties or is otherwise eligible to receive worker's compensation benefits shall receive their full base salary from Twin Falls County. This policy shall apply only when the employee is:

- A.) Responding to an emergency, or
- B.) In the pursuit of an actual or suspected violator of the law.

If the injury is not a result of A or B as listed above, the County shall handle the claim as described in section 320-12 of this policy, and the employee will only receive full payment of wages if they choose to access paid leave balances.

- 320-17 If full wages are paid to the employee, any worker's compensation received or collected by the employee shall be submitted to the Payroll Clerk immediately upon receipt to avoid overpayment. The County will then apply for reimbursement from the Fund, pursuant I.C. §72-1104.
- 320-18 The employee must, on a regular basis, provide the County with a written medical update and prognosis from the attending physician. The County, at its option, may require verification from a physician of its choice.
- 320-19 Employees on worker's compensation leave who intend to be away from their residence for an extended period of time, such as vacation, must notify Human Resources regarding where and how they may be contacted during their absence, and when they expect to return home.
- 320-20 Additionally, the employee must provide an appropriate written release from the attending physician before the employee is allowed to return to work. The County may require a second release from a physician selected by the County. Employees must return to work as soon as a doctor's release is given. When returning to work, the employee must also adhere to departmental policy on return to work issues, if applicable.
- 320-21 When an injured employee receives a limited-duty or restricted-duty statement from his physician, the employee is expected to return to work, if light duty is available, to perform duties as assigned. Temporary reassignment may be in another department and may include a change in the employee's regular duties. Refusal to accept bona-fide limited-duty work may be cause for the State Insurance Fund to discontinue worker's compensation benefits and will be subject to disciplinary action from the County.
- 320-22 Failure to report injuries, filing false claims of injury, falsifying timesheets, misrepresenting facts, or failing to notify the County of overpayment of benefits will result in disciplinary action up to and including termination of employment and could result in both criminal prosecution and civil penalties.

321 – Modified Duty Program

- 321-01 Twin Falls County strives to promote a successful recovery from any work related or personal injury. These guidelines are to be utilized when an employee returns to work with restrictions following an on-the-job injury. Whenever possible, this policy may also apply to non-work related injuries or illnesses.

- 321-02 It is the policy of Twin Falls County to attempt to provide modified duty assignments to employees who have sustained an on-the-job injury or illness that prevents them from performing the full range of duties required for their job and whose medical condition has been diagnosed as “temporary” by the employee’s treating physician. “Temporary” means a medical condition of short duration where the medical prognosis is for recovery to full duty status. By having a Modified Duty Policy, which makes reasonable accommodations whenever possible, there is a benefit to both the County and the injured employee.
- 321-03 The County will attempt to provide meaningful, productive work that fits within the injured employee’s physical restrictions. The injured employee’s department will attempt to place the employee in a modified duty assignment within the department when possible. When the department is unable to place an injured employee in a modified duty assignment within their department, the Human Resources Department will assist in attempting to place the employee in a modified duty assignment with another department. The employee’s regular department will be responsible for all personnel actions including the payment of the employee’s normal wages and benefits.
- 321-04 Nothing in this policy entitles an employee to a modified duty assignment. Modified duty assignments are temporary. They are not considered a permanent work assignment, and such assignments do not create an entitlement to the position to which the employee is temporarily assigned. The decision to offer modified duty assignments is at the sole discretion of Twin Falls County.
- 321-05 This policy is not intended to, nor does it alter an employee’s rights under Worker’s Compensation, the Americans with Disabilities Act (ADA), or the Family Medical Leave Act (FMLA). Determinations of whether an employee has a temporary medical condition or may be covered by the ADA will be made on a case by case basis and may be made periodically before, during, or after the recovery period. This determination will be made in consultation with the Human Resources Director.
- 321-06 The employee is responsible for working in a modified duty assignment provided by Twin Falls County. The employee’s failure or denial to participate in the modified duty assignment may result in the denial of temporary total disability benefits under Worker’s Compensation laws as determined by the State of Idaho.

322 – Communicable Diseases / Immunizations:

- 322-01 Twin Falls County requires and/or provides immunization of employees in certain positions to help reduce the risk of contracting and/or spreading communicable diseases. Questions regarding immunization should be directed to the elected official in charge of the office.

- 322-02 Twin Falls County attempts to offer flu shots annually at no cost to employees. Funding for this benefit is reviewed annually during the budgeting process and is subject to change without notice.

330 – Medical, Dental, and Vision Benefits

- 330-01 All full-time employees (as defined in policy section 200) will be placed on the Twin Falls County Medical Insurance plan. For new employees and current employees that transfer from part-time to full-time status, the effective date for the medical/dental/vision insurance will be the first of the month following the first month the employee completes two full pay periods.
- 330-02 Twin Falls County provides medical/dental/vision insurance to all full time employees at no cost to the employee. Dependant coverage is available; however, it is the employees' responsibility to pay the premium. Dependent premiums for the County's insurance may be added as a pre-tax payroll deduction. Employees cannot claim insurance coverage not offered by Twin Falls County on a pre-tax basis.
- 330-03 For new employees and employees transferring from part-time to full-time, adding dependants to the County's insurance must be completed within a certain time requirement as mandated by law. - 505-03 For requests of longer periods of flextime, or requests for telecommuting, a written request must be approved by the employee's department head **and** elected official. Factors such as reason for the request, position and job duties, performance history, related work skills, and the impact on the County will be reviewed in making the decision to approve or deny the request.
- 505-04 Approvals will generally be for limited and specific durations of time, not as an on-going option for the employee. Telecommuting employees shall not be allowed to provide primary care for a young child or elderly parent during at-home working hours, unless specifically approved by the elected official.
- 505-05 Flexible schedules and telecommuting are an alternative method for meeting the business needs of the County. It is not a universal employee benefit. Twin Falls County has the right to refuse these options to any employee, and may terminate any existing arrangements at any time without prior notice.

510 – Safety

- 510-01 Twin Falls County wants to maintain a safe working environment for all Twin Falls County employees and the public. General safety rules have been developed for all employees. Direct line supervisors will be held accountable for the implementation of any additional departmental rules and/or safety activities, including training new staff, timely reporting of injuries, and accident investigation. Not every contingency for safety can be listed in one policy. Employees and supervisors should use common sense when conducting work.
- 510-02 Safety is the responsibility of every employee. When an employee observes a safety hazard, an unsafe act, or has a “near miss” incident, they are encouraged to notify their supervisor, Risk Manager, or Human Resources so that appropriate investigation and action can be taken to avoid and/or prevent injuries.
- 510-03 All employee injuries shall be handled through Human Resources, accidents and injuries involving the public shall be reported to the Risk Manager.
- A. All employees shall:
1. Behave in a manner that will ensure both their safety and the safety of others. Intentionally unsafe acts, initiating and/or participating in practical jokes and “horseplay” is not allowed.

2. Follow all established safety practices and instructions of their supervisors with respect to general County policy and specific departmental rules.
3. Participate in safety meetings and/or training as required.

5. Report unsafe acts or conditions, as well as "near misses" of accidents to their direct supervisor, elected official, or Human Resources.
6. Wear proper clothing in relation to their job requirements, including footwear. Utilize proper protective equipment (PPE) such as eye, ear, head protection, etc. when required or necessary for the task at hand.
7. Ensure tools, machinery, and vehicles are maintained and operated in a safe manner. Disable energy source(s) of machinery or electrical equipment if required for repairs.
8. Use chemicals properly and according to the manufacturer's suggestions.
9. Ask for help when lifting objects that are too heavy or too awkward to be lifted alone.
10. Ensure all materials stored in tiers or on shelving are stacked, or otherwise secured to prevent sliding, falling or collapse.
11. Use stepladders or stepstools when reaching above the head.
12. Ensure that coffee pots, space heaters, and other similar devices not be left unattended. Open flames (such as burning candles) are not allowed.
13. Keep floors, hallways, and work area clean and orderly, and free from protruding objects, excess clutters, loose wires, tripping hazards, spills, etc.

2. Be accountable for the activities of their employees and discipline employees for violating safety rules.
3. Enforce all County and departmental safety rules, as well as any federal, state, county and municipal safety laws, regulations and codes.
4. Train employees to ensure their effectiveness in producing safe working conditions and habits that will result in accident prevention.
5. Ensure emergency evacuation procedures and emergency numbers are clearly posted and reviewed with employees.
6. Only allow qualified trained personal to operate machinery or equipment, handle chemicals, etc.
7. Ensure employees have available and utilize proper protective equipment (PPE) when appropriate for the task at hand.

8. Encourage employees to follow good ergonomic practices, including allowing employees to take short breaks away from their workstations to stretch, change position, rest their eyes from computer usage, etc.
9. Encourage well thought-out safety suggestions, and reporting of any potentially unsafe conditions.

510-04 Failure to follow this policy shall result in disciplinary action up to and including termination.

510-05 In addition to implementing safety rules, Twin Falls County has established an “Accident Review Committee” to review accidents – both personal injury and auto accidents – with the intent to review current policies and procedures, and to recommend and/or initiate corrective procedures and/or measures to avoid future incidents. The committee shall meet on an “as needed” basis, and any information obtained from these meetings is to remain confidential. Any questions, suggestions, or concerns regarding the committee should be directed to Human Resources.

520 – Workplace Violence Prevention

520-01 Twin Falls County is committed to preventing workplace violence. All employees and the public should be treated with courtesy and respect at all times. We encourage you to attempt to settle disputes or differences you may have with another employee yourself. If that fails, it should be brought to the attention of your department head, elected official, or Human Resources before the situation escalates.

520-02 Conduct that threatens, intimidates, or coerces an employee will not be tolerated. This includes harassment of any kind, as defined by the County’s workplace harassment policy.

520-03 Acts of violence or threats should be reported as soon as possible to any management employee, elected official, Human Resources or Risk Manager. All suspicious individuals or activities should also be reported. Employees should not place themselves in a position of danger; if an employee observes a disturbance, the employee should report the incident immediately, or if the situation warrants, notify law enforcement.

530 – Emergency Closing / Evacuations

530-01 There may be times when emergencies, such as severe weather, power failures, fire, etc. disrupt normal business operations at Twin Falls County. If a work area is officially closed due to emergency conditions, employees will only be paid for hours actually worked. Employees may use any available paid time off, such as vacation leave, personal leave, or comp time. Sick leave may be accessed only if no other leave time is available.

- 530-02 If there is an emergency closing, employees in essential positions may be asked or required to work, either in their current position or in another assigned position. These employees will be compensated for regular pay, plus any applicable overtime or compensatory time as required under FLSA.
- 530-03 If an emergency closing is not authorized and an employee does not report for work due to severe weather, etc., the employees will not be paid unless available paid leave time is requested.

531 – Disaster Plan / Emergency Evacuations

- 531-01 Twin Falls County has an Emergency Management Plan in place in the event of a major disaster or other emergency event. If the plan is activated, employees will be informed, as applicable, as to specific assignments, reporting requirements, etc.
- 531-02 In the event of a disaster or emergency which requires evacuation of County offices and/or public buildings, employees shall follow implemented evacuation plans and reporting requirements specific to their department. Supervisors are responsible for ensuring evacuation plans are kept current and that personnel are trained in procedures. Supervisors and staff are also responsible for reporting to the elected official the status of the situation as directed. Special care should be taken for ensuring the safety of any physically impaired employees and/or members of the public.
- 531-03 Employees are required to meet in designated areas and/or check in as required. Employees shall not leave (go home) without proper authorization.

- 540-01 Smoking and the use of tobacco products is prohibited inside all Twin Falls County owned and/or operated (leased) buildings and in all Twin Falls County owned vehicles and equipment.
- 540-02 Employees shall only smoke in designated areas outside the buildings. Per Idaho Code, 39-5502; smoking is prohibited within twenty (20) feet of any building entrance for employees and the public.

- 540-03 Employees found in violation of this policy will be asked to either move or to extinguish their tobacco products.
- 540-04 Employees who refuse, or continue to violate the policy will be subject to disciplinary action up to and including termination.

550 – Visitors in the Workplace / Non-Solicitation

- 550-01 Companies and/or vendors who wish to advertise, distribute, sell goods or services, or meet with employees during work hours are required to get prior permission from the Board of County Commissioners.
- 550-02 Twin Falls County recognizes that many employees participate in events and organizations outside work. This often includes the sale of goods, services or subscriptions, or fundraisers, etc. outside the scope of official County business. However, during working time, employees may not solicit for these activities or distribute information about them. Employees are free to solicit during lunch periods, work breaks, or any time when they are not scheduled to be working. Employees shall refrain from soliciting other employees while they are working to avoid interfering with or causing a disruption of County operations.
- 550-03 Employees have the option to advertise and share information through the Twin Falls County Employee Newsletter by sending information to Human Resources.
- 550-04 Twin Falls County may limit the types of information that are posted on bulletin boards, distributed through email or the County newsletter or departmental mailboxes.

- 550-06 Violation of this policy, including posting or distributing inappropriate or offensive materials, may result in disciplinary action up to and including termination of employment.

EMPLOYEE CONDUCT & WORK RULES

600 – Drug and Alcohol Policy

The purpose of this policy is to establish a Drug Free Workplace for the safety and health of Twin Falls County's employees, customers and the general public, and to increase employees' productivity and work quality. This policy meets the Department of Transportation (DOT)

mandates under CFR49 Part 40 and Part 382; and supports the objectives of "Idaho Employer Alcohol and Drug Free Workplace Act;" Idaho Code sections 72-1701, *et. seq.*

All prospective and current employees are subject to the conditions and the terms of this policy.

Policy:

600-01 In keeping with Twin Falls County's objective to provide a safe and healthy work environment, it is the County's policy that:

- A.) The possession, sale, transfer, attempt to sell or use of illegal drugs while on the job, on County time, on County property, or in other circumstances which might adversely affect Twin Falls County's operation or safety is strictly prohibited (unless part of legitimate law enforcement activity or transport). Any illegal substance that is found in the possession of an employee or on the premises will be turned over to appropriate law enforcement agencies and may result in criminal prosecution.
- B.) Employees will not be permitted to work with a detectable level of prohibited drugs in their system. The basis for determining "under the influence" and/or "detectable level" is, for the purposes of this policy, a positive test result for drugs and/or alcohol. A positive result for alcohol shall be .02 alcohol concentration or more. Prohibited drugs include both illegal and legal substances, including alcohol or prescription drugs that have not been specifically prescribed, and used as prescribed, by a licensed physician for specific treatment purposes of the employee at that time. This restriction shall not apply to over-the-counter medication, provided such medications do not prevent the employee from performing his or her duties safely and efficiently.
- C.) Employees who take over-the-counter or prescribed medication are responsible for knowing any effect the medication may have on the performance of their duties. Employees must promptly report to their supervisor if the use of the medication(s) is likely to impair their ability to do their job safely.
- D.) All employees must report to their immediate supervisor or elected official any citations for traffic violations or other criminal charges occurring on or off the County's premises while conducting County business. The report of a citation must be made within the same work day of receiving the citation, unless unusual circumstances exist, in which case, the report must be made as soon as is reasonably possible.
- E.) Twin Falls County shall abide by any additional requirements provided under local, state or federal grants.

Violations of this Policy:

600-02 Any of the following situations shall be considered work-related misconduct and grounds for disciplinary action, up to and including termination:

- A.) A confirmed positive test for drugs and/or alcohol. For the purposes of the alcohol test, a positive result shall be .02 alcohol concentration or more. For the purposes of the drug test, a positive result shall be a detectable level.
- B.) An employee refuses to provide a sample or submit for testing.
- C.) An employee adulterates, or attempts to alter a test sample by adding a foreign substance for the purpose of making the sample more difficult to analyze; or
- D.) An employee submits a sample that is not his or her own.

Substance Testing:

To support the objectives of a Drug Free Workplace, testing for drugs and/or alcohol may be done under the following circumstances:

600-03 **Pre-employment:**

All applicants who are being seriously considered for any position with the County must test free of drugs and/or alcohol as a condition of employment. No applicant will be employed until a negative drug and/or alcohol test is reported to Twin Falls County, including returning seasonal and/or temporary employees.

600-04 **Post-accident: Vehicle**

All employees must report to their immediate supervisor or elected official any vehicle accident occurring on or off the County's premises while conducting County business. The report must be made within the same work day of the accident, unless unusual circumstances exist, in which case, the report must be made as soon as is reasonably possible.

An employee involved in a vehicle accident shall submit to a drug and/or alcohol test. Testing must occur and be completed immediately. The employee subject to testing must remain available for testing. If the employee does not remain available for testing, this action is considered refusal to submit to testing. An employee will be considered available for testing if s/he leaves the accident scene for verifiable medical treatment of anyone involved in the accident.

600-05 **Post-accident: Non-Vehicle:**

Any employee whose performance either contributed to any accident or injury or whose performance cannot be completely discounted as a contributing factor to an accident will be tested if the accident caused injuries resulting in medical treatment being provided by a physician or his/her designee (other than first-aid).

600-06 **Vehicle – CDL Drivers:**

All CDL drivers must abide at all times the requirements as defined in DOT requirements under 49 CFR Part 40 and Part 382.

600-07 **Reasonable Suspicion:**

An employee shall be required to submit to a drug and/or alcohol test when at least one designated/trained supervisor has reasonable suspicion to believe that an employee is under the influence of drugs and/or alcohol. These beliefs must be based upon specific physical behavioral or performance indicators. A second witness, who is a trained supervisor, must observe and/or concur to make the decision to test. An elected official may require testing without obtaining a second supervisor's opinion.

When supervisory personnel determine there is reasonable suspicion to believe an employee is under the influence or in possession of any substance prohibited by this policy or is otherwise in violation of this policy, the County may:

- Search any of the employee's or County's property. Such search can include the employee's purse; bag, outer garments, (hat, coat, sweater, etc.) locker, desk, office, vehicle, or any other property located on the County premises.
- Require that the employee submit to appropriate tests to determine the existence of prohibited substances within their system.

600-08 **Random:**

All Safety Sensitive employees will be tested on a random basis. Employees must report to a designated collection site immediately when notified that they were selected for a drug and/or alcohol test.

“Safety Sensitive” positions shall be defined to include:

- All employees of the Sheriff's Office.
- Employees of Juvenile Services (Juvenile Detention, Juvenile Probation, Status Offender Services, and Safe House employees.)
- Employees of the Treatment and Recovery Clinic (TARC).
- Employees of Magistrate Probation.
- Non-uniformed/non-sworn employees of the above offices who have access to confidential law enforcement records or public safety information.
- Employees who handle or dispense prescription medications or other controlled substances.
- Employees of the Coroner's office.
- Employees who operate heavy equipment, machinery or vehicles, including employees whose positions are officially designated as requiring use of a County automobile on a daily basis in order to perform job duties.
- Employees who regularly work with or test chemicals or other substances under circumstances that have a significant potential to cause harm to employees, the public, or County or private property.

600-09 **Return to Duty/Follow-up:**

As designated under "Return to Work" later in this policy.

600-10 **Right Not To Be Tested:**

An employee has the right to refuse to be tested. However, refusal to submit to testing is grounds for disciplinary action up to and including termination.

600-11 **Testing Procedures:**

St. Luke's Magic Valley Regional Medical Center (St. Luke's MVRMC) is the third-party administrator for Twin Falls County's Drug Free Workplace program.

1. The actual analysis of all samples will be conducted by St. Luke's MVRMC and/or a Substance Abuse and Mental Health Services Administration (SAMHSA) approved lab.
2. All sample collection activity and drug/alcohol cut-off levels will be consistent with requirements established by the Department of Health and Human Services (HHS), to assure the validity, confidentiality and security of the samples and test results.
3. St. Luke's MVRMC will designate a Medical Review Officer (MRO), or his designee, to interpret, evaluate and monitor the drug testing program and results as necessary. The MRO will be a licensed physician with knowledge of drugs, testing methods and drug abuse disorders.
4. Twin Falls County and/or physician shall determine the drug testing technique (e.g., urine sample, breath sample, blood sample, hair sample, physical examination, sobriety examination) to be administered for the types of tests listed above.
5. All individuals who are required to be tested under the conditions of this policy will report to St. Luke's MVRMC / Twin Falls County's designated collection site and at the requested time. The designated collection site shall be St. Luke's Occupational Health Services, unless otherwise specified at the time of collection.
6. If the test or retest is negative, the chain of custody form is reviewed by the lab for completeness and accuracy and the results are reported to Twin Falls County.
7. If any test is positive for drugs or alcohol, Twin Falls County shall receive a confirmatory test before using the test result as a basis for any disciplinary action or termination.

600-12 **Employee Rights and Obligations:**

1. Twin Falls County shall pay for the costs of initial drug and/or alcohol tests pursuant to this policy.
2. Any time spent for drug testing of employees shall be considered work time. Job applicants/prospective employees shall not be paid for any time spent for

drug/alcohol testing.

3. If an employee or prospective employee receives a positive alcohol result from the use of a breath test, the use of any other confirmatory test meant to demonstrate a higher degree of reliability must be administered. The confirmatory breath test must be administered no earlier than fifteen (15) minutes after the initial test.
4. Twin Falls County shall receive a confirmatory or mandatory second test on all positive drug test results before any type of disciplinary action or termination can occur. The confirmatory test must be conducted by a laboratory utilizing a chromatographic technique such as gas chromatography-mass spectrometry or another comparable reliable analytical testing method.
5. Any employee or prospective employee who receives a confirmed positive test result for drugs:
 - a. Prior to notification of Twin Falls County, the employee shall be contacted by an MRO, or his designee, so that he/she may determine whether a legally prescribed medication resulted in the positive drug test. It is the employee's obligation to be available to the MRO so this situation can be discussed.
 - b. Twin Falls County will inform the employee in writing of the positive test and the substance for which the employee tested positive.
 - c. The employee may request additional testing of the same sample at a mutually agreed-upon laboratory. The employee shall bear the cost of any additional testing. The employee must request in writing such retesting within seven (7) working days from the date of the confirmed positive test notification.
6. If the retest is negative, Twin Falls County shall:
 - a. Compensate the employee for any time suspended without pay.
 - b. Reimburse the employee the cost of the retest.
 - c. Reinstate the employee with back pay if the employee was terminated **solely** for the positive test result that is later determined to be negative.

600-13 **Return to Work:**

1. Twin Falls County has the option of disciplinary action up to and including termination upon receipt of a confirmed positive drug or alcohol test result or other proof which indicates a violation of Twin Falls County's written policy, or upon the refusal of an employee to provide a test sample, or upon an employee's alteration of or attempt to alter a test sample. When disciplinary action has been chosen as an option, the employee may return to duty when certain conditions (which may be at the employee's expense) are met. Actions by Twin Falls County may include, but are not limited to, the following:
 - a. A requirement that the employee submit to an evaluation (a copy of which is sent to the employer) by an employer-approved rehabilitation,

treatment, or Employee Assistance Program (EAP) identifying:

- Recommendations for treatment, if any.
 - Additional follow-up drug and/or alcohol testing, indicating the number, frequency and the period of time the employee will be tested.
 - A signed agreement from the employee stipulating to his/her commitment to the outlined plan/recommendations as a condition of employment.
2. The employee will be required to submit to a Return-to-Duty drug and/or alcohol test. The sample collection and analysis of the specimen must be conducted at the County's designated site. Twin Falls County must receive a negative result before the employee is able to resume the performance of his/her duties.

600-14 **Twin Falls County Rights and Obligations:**

1. All prospective and current employees will be fully informed of the Drug Free Workplace Policy and procedures prior to any testing being administered. All employees, current and prospective, will be provided with a copy of this policy and indicate by their signature that they have received a copy of this policy. No current or prospective employee will be tested until this information is provided to him/her.
2. Upon receipt of a confirmed positive drug and/or alcohol test result or other proof which indicates a violation of Twin Falls County's written policy, or upon the refusal of an employee to provide a test sample, or upon an employee's alteration or attempt to alter a test sample, Twin Falls County may use such test result or conduct as a basis for disciplinary action, up to and including termination, or Twin Falls County may refuse to hire a prospective employee.
3. Twin Falls County may suspend an employee with or without pay at the time a reasonable suspicion test is conducted and/or upon receipt of a confirmed positive test for drugs and/or alcohol.
4. Upon receipt of a confirmed positive test for drugs and/or alcohol, Twin Falls County may require that the current employee utilize the return-to-work procedure as outlined above as a condition of continued employment or reinstatement.
5. All test results will be maintained by Twin Falls County in a manner which assures their confidentiality and will be available to other parties only upon specific written consent of the individual tested.
6. This policy shall not in any way create a physician-patient relationship with Twin Falls County and a prospective or current employee.
7. If an employee tests positive for drugs or alcohol, such employee shall not be

considered disabled by virtue of the test results alone.

600-15 **Seeking Help:**

Twin Falls County recognizes drug and alcohol dependency as a serious problem and as a health, safety and security threat to County business. Employees who need help in overcoming such dependency should contact their supervisor, available alcohol and drug abuse resources within the community, or the County's Employee Assistance Program. Human Resources will maintain a list of resources available to assist an employee who may wish to seek assistance. A voluntary, conscious effort to seek such help may not jeopardize employment.

601 – Discriminatory Workplace Harassment Policy and Complaint Procedure

601-01 **Purpose**

The purpose of this Harassment Policy is to clearly establish the County's commitment to work to provide a work environment free from unlawful harassment, to define discriminatory harassment, and to set forth the procedures for investigating and resolving internal complaints of harassment. Because of the importance of a workplace free from unlawful harassment, this policy should be reviewed with each employee on a regular basis.

It is important that all employees treat all other employees and members of the public with decency and respect. It is the responsibility of each and every employee, supervisor and department head to prevent inappropriate behavior in the workplace. Inappropriate behavior which impacts the workplace, or has the potential to impact the workplace, will not be tolerated.

This policy applies to all terms and conditions of employment, including but not limited to, hiring, placement, job retention, promotion, disciplinary action, layoff, reinstatement, transfer, leave of absence, compensation and training.

601-02 **Policy**

Harassment of an applicant for employment, a member of the public, or an employee by any employee of the County on the basis of race, color, religion, national origin, sex, age (40 and over) and disability is in violation of State and/or Federal law and will not be tolerated by Twin Falls County.

Employees found to be participating in any form of employment-related unlawful harassment or retaliating against another employee for filing a complaint or cooperating with an investigation shall be subject to disciplinary action up to and including termination of employment.

601-03 **Responsibilities**

A. **The County**: It is the responsibility of the County to develop this policy, provide training on this policy, keep it up to date, and to ensure that any

violation of this policy brought to its attention is dealt with as required by law and according to this Policy.

- B. The County has designated each elected official, the Human Resources Director, and the Chief Civil Prosecuting Attorney for the County as individuals who will be responsible for following the Complaint Procedures as set out in this policy. The officials will be referred to as the “Designated Official” for the purpose of this policy.
- C. **Supervisors:** It is the responsibility of supervisors to enforce the policy, to make a regular review with all employees to ensure they know the policy and to regularly check the workplace to make sure the policy is being followed.
- D. If a supervisor directly observes that unlawful discrimination, harassment or retaliation is occurring, he/she should take immediate action to address the problem. Such action should include, but is not limited to, speaking directly with the affected person, developing a specific account of the actions, omissions or occurrences that are deemed discriminatory, consulting with the supervisor, or a department head and taking corrective or disciplinary action as appropriate. If the alleged discrimination, harassment or retaliation is not within the supervisor’s area of responsibility or oversight, he/she should notify the department head or other appropriate management employee, who should then take prompt steps to address the allegation.
- E. If unlawful harassment is reported or alleged, it must be followed up. No complaining party should be allowed to retract an allegation of unlawful harassment without proving that it was made erroneously. If a supervisor receives information that discrimination, unlawful harassment or retaliation might be occurring, he/she should follow the Complaint Procedure as set out in this policy below.
- F. **Employees:** It is the responsibility of each and every employee to know this policy and to follow it. All County employees share the responsibility of understanding and preventing unlawful discrimination and harassment. But, ultimately, no satisfactory investigation or resolution of complaints can occur without the initiative and continued cooperation of the affected person. Individuals who believe they have been discriminated against or unlawfully harassed have the primary obligation of informing their elected official, Human Resources Director, or Chief Civil Prosecuting Attorney for the County of the act of discrimination, unlawful harassment or retaliation, recounting specific actions or occurrences whenever possible. It is imperative that every employee treat every other employee and members of the public with decency and respect so as to facilitate a sound professional work environment.

Definitions:

For purposes of clarification unlawful harassment includes, but is not limited to, the following behaviors:

- 601-04 **Verbal Harassment** – Epithets, derogatory comments, slurs, propositioning, or otherwise offensive words or comments on the basis of race, color, religion, national origin, sex, age (40 and over) and disability whether made in general, directed to an individual, or directed to a group of people regardless of whether the behavior was intended to harass. This includes, but is not limited to, inappropriate sexually-oriented comments including dress or physical features, sexual rumors, code words, and race-oriented stories, as well as jokes of a sexual or discriminatory nature or “kidding” which is oriented towards a prohibited form of harassment.
- 601-05 **Physical Harassment** – Assault, impeding or blocking movement, leering, or the physical interference with normal work, privacy or movement when directed at an individual on the basis of race, color, religion, national origin, sex, age (40 and over) and disability. This includes pinching, patting, grabbing, inappropriate behavior in or near bathrooms, sleeping facilities and eating areas, or making explicit or implied threats or promises in return for submission to physical acts.
- 601-06 **Visual Forms of Harassment** – Derogatory, prejudicial, stereotypical or otherwise offensive posters, photographs, cartoons, e-mails, notes, bulletins, drawings or pictures on the basis of race, color, religion, national origin, sex, age (40 and over) and disability. This applies to both posted material and material maintained in or on Twin Falls County equipment or personal property in the workplace.
- 601-07 **Sexual Harassment** – Any act which is sexual in nature and is made explicitly or implicitly a term or condition of employment, is used as the basis of an employment decision, unreasonably interferes with an individual’s work performance or creates an intimidating, hostile or offensive work environment.

There are basically two types of sexual harassment:

- a.) "Quid pro quo" harassment, where submission to unlawful harassment is used as the basis for employment decisions.

Employee benefits such as raises, promotions, better working hours, job retention, etc., are directly linked to compliance with sexual advances. Therefore, only someone in a supervisory capacity (with the authority to grant such benefits) can engage in quid pro quo harassment. Example: A supervisor promising an employee a raise if she goes on a date with him; a manager telling an employee she will fire him if he does not have sex with her.

- b.) "Hostile work environment," where the unlawful harassment creates an offensive and unpleasant working environment.

Hostile work environment can be created by anyone in the work environment, whether it be supervisors, other employees, or the public. Hostile environment harassment consists of verbiage of a sexual nature, unwelcome sexual materials, or even unwelcome physical contact as a regular part of the work environment. Cartoons or posters of a sexual nature, vulgar or lewd comments or jokes, or unwanted touching or fondling all fall into this category.

Complaint Procedure

601-08 The following complaint procedure will be followed in order to address a complaint regarding harassment, discrimination, or retaliation:

1. A person who believes he/she has been unlawfully harassed, discriminated or retaliated against should report it to a designated official – their elected official, Human Resources Director, or Chief Civil Prosecuting Attorney for the County. If a supervisor becomes aware that unlawful harassment or discrimination is occurring in any County department as a result of an employee coming forward, the supervisor should immediately report it to a designated official pursuant to this policy. Once a complaint of unlawful harassment, discrimination or retaliation has been made, the complaint cannot be withdrawn by the complainant without a determination that it was made erroneously.
2. Promptly upon receiving the complaint, the designated official should initiate the investigation to determine whether there is a reasonable basis for believing that an alleged violation of this Policy occurred.
3. Upon receiving the complaint, or being advised by a supervisor that violation of this policy may be occurring, the designated official should review the complaint with legal counsel for the County.
4. The Designated Official, in conjunction with legal counsel for the County, should engage an appropriate person to investigate the complaint. The investigator should be a neutral party.
5. The investigator will interview the complainant, the respondent, and any relevant witnesses to determine whether the conduct occurred.
6. As soon as practical, the investigator will conclude the investigation and submit a report of his or her findings to the Designated Official, who then will route it as appropriate.

7. If it is determined that unlawful harassment or discrimination in violation of the County's policy has occurred, the appropriate official will recommend the appropriate course of action to be taken by the County. The appropriate action will depend on the following factors:
 - (i) The severity, frequency and pervasiveness of the conduct;
 - (ii) Prior complaints made by the complainant;
 - (iii) Prior complaints made against the respondent; and
 - (iv) The quality of the evidence (first-hand knowledge, credible corroboration etc.).
8. If the investigation is inconclusive or it is determined that there has been no unlawful harassment or discrimination in violation of this Policy, but some potentially problematic conduct is revealed, corrective action may be taken.
9. Promptly after the investigation is concluded, the Designated Official(s) will meet with the complainant and the respondent separately in order to notify them in person of the findings of the investigation.
10. The complainant and the respondent may submit statements to the Designated Official(s) challenging the factual basis of the findings. Any such statement must be submitted no later than five (5) working days after the meeting with the Designated Official(s) in which the findings of the investigation is discussed.

602 – Problem Solving / Grievance

602-01 Employees are urged to attempt to resolve problems with their co-workers and/or supervisors on an informal basis. However, if the problem cannot be resolved informally, employees may file a formal grievance regarding issues relating to their employment. The grievance procedure may be utilized to address complaints regarding a co-worker or supervisor, disagreement regarding policy or procedure, etc.

602-02 This procedure does not apply to any disciplinary action. Such disciplinary action must be appealed under the procedures set out in the “Progressive Discipline” policy of this manual.

602-03 This procedure does not apply to potentially serious allegations, such as fraud, harassment, etc. Allegations or complaints of that nature must be addressed as described in the corresponding policies of this manual.

613 – Whistleblower Protection

- 613-01 Twin Falls County will use best efforts to protect whistleblowers, and to protect whistleblowers against retaliation, as described below. It cannot guarantee confidentiality, however, and there is no such thing as an "unofficial" or "off the record" report. The whistleblower's identity will be kept confidential, unless
- 1) the person agrees to be identified;
 - 2) identification is necessary to allow the County or law enforcement officials to investigate or respond effectively to the report;
 - 3) identification is required by law; or
 - 4) the person accused is entitled to the information as a matter of legal right in disciplinary proceedings.
- 613-02 No Twin Falls County employee may retaliate in any way, either personally or through a third party, against a whistleblower because of the whistleblower's complaint. Nor may any employee willfully intimidate, threaten, or in any way harass any whistleblower or any person the employee believes or has reason to believe will offer evidence in any hearing as a result of the whistleblower's complaint.

613-03 Whistleblowers who believe that they have been retaliated against may file a written complaint with the elected official, the Board of County Commissioners, or the Human Resource Director. A proven complaint of retaliation shall result in a proper remedy for the person harmed and the initiation of disciplinary action, up to and including dismissal, against the retaliating person. This protection from retaliation is not intended to prohibit managers or supervisors from taking action, including disciplinary action, in the usual scope of their duties and based on valid performance-related factors. Whistleblowers must be cautious to avoid baseless allegations.

614 – Gifts & Gratuities

614-01 In accordance with Idaho Code §18-1356 and §18-1357, no employee shall accept any gifts, services or other privileges offered or given by any person or organization which:

- A) Is under contract with the County for provisions of goods and services;
- B) Is or could be regulated or administered by an agency of County government;
- C) Reasonably be expected to have any future interest in securing contracts or being a vendor of supplies, equipment or services to the County.

614-02 An employee who is offered or receives gifts, services or privileges shall decline or return them or if more appropriate, may donate them to a charitable or non-profit organization. This provision does not apply to greeting cards, flowers, calendars, or candy, which may be sent to an entire department of County government at Christmas or upon special occasions.

614-03 From time to time, employees may wish to send flowers, etc. as a way of expressing congratulations or condolences to other current or ex-employees or their families. The County expects in most situations that a collection be taken up among employees to cover these costs. Paying for them with county funds requires the advance approval of the elected official in charge of the office, and will only be approved in very limited circumstances. Employee rewards, incentives, etc. paid from County funds also required the advance approval of the elected official in charge of the office.

615 – Credit Card, Vendor Card, and House Accounts

authorized to use the account shall be included as well as a description of the goods they may purchase and the dollar limits to which they will be subject.

- 615-03 The use of credit cards is allowed to increase efficiency, convenience, and to reduce purchasing costs for the County. However, the convenience they offer can result in impulse purchases or abusive practices. The time and cost of driving to a discount store, shopping with a credit card and returning to work is not necessarily more cost effective than purchasing items from a vendor who delivers.
- 615-04 Inappropriate or improper use of a County credit card may result in losing the card and its privileges. Depending on the severity of the action, the employee may also be subject to disciplinary action and/or prosecution. Cash advances are strictly prohibited.
- 615-05 It shall be the duty of the elected official or department head of each department to approve all credit card usage and to insure that this policy is followed and that there is no inappropriate or improper use of County credit cards assigned to that department. - A.) Purchases of personal items are strictly prohibited. Credit card use by non-employees is strictly prohibited.
 - B.) Original itemized receipts must accompany all claims and the purchases must be charged to the appropriate line item. If the expense is for more than one individual, for example one charge for several meals, the names of all persons in attendance must be documented.
 - C.) If no receipt is available, other written documentation must be provided. The County recognizes that receipts will get lost from time to time; however, employees may be disciplined for repeated or continual loss of receipts.
 - D.) Claims for payment must be submitted with the credit card statement and proper documentation for each charge in a timely manner to avoid late fees and finance charges.

 - F.) Credit card purchases should not circumvent use of the purchasing department and the savings they can achieve for larger dollar purchases, such as furniture, equipment, etc.
